What is Sonday System Essentials?

- Whole group Direct and Explicit Phonics instruction
 - 20+ minutes within literacy block
 - Reading and Spelling
- Based on Orton-Gillingham Approach
 - Structured, systematic, and cumulative
 - Multisensory instruction and reinforcement
- Follows the National Reading Panel Recommendations
 - Phonological and Phonemic Awareness, Phonics, and Fluency
 - Builds foundational skills for vocabulary and comprehension

7

7

Systematic, Explicit Phonics Instruction

- Enhances children's success in learning to read.
- Improves spelling for all students.
- Helps to prevent reading difficulties among at-risk students.
- Helps to remediate reading difficulties in underachieving readers.
- Boosts comprehension.

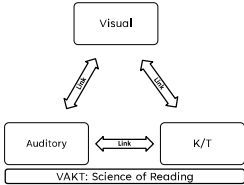

(NRP Summary Report page 9, Subgroup Report page 2-94)

How We Teach Multisensory Instruction & Reinforcement

"Conscious multisensory procedures using the student's eyes, ears, hands and mouth help to link the sound, sight and feel of spoken language to the printed word on the page."

12

Instruction within Fluency

Fluency must be practiced

- Teacher modeling during read aloud
- Starts at the beginning of learning to read

Ways to incorporate fluency

- Paired
- Echo
- Repeated reading

Automaticity is the precursor to fluency.

© Imagine Learning LLC 13

13

Teaching in a Multisensory Way

Incorporates three learning modalities

- See
- Hear
- Feel

Repetition

- Less is more
- Locks learning into long term memory

Teacher modeling

- We do together
- You do individually

Let's Talk About Syllables

© Imagine Learning LLC 15

15

What is a syllable?

Definition

A syllable is a word, or part of a word, with one vowel sound.

Why teach syllables?

Without a strategy for chunking longer words into manageable parts, students may look at a longer word and simply resort to guessing what it is – or skipping it altogether.

Breaking Down the Steps: Read Sounds

Materials:
Sound Cards in Media Kit

Execution:
Students read the sound of displayed letter(s).
The goal is automatic responses.

*E5 Days 1-9

25

Step 1: Read Sounds

Directions
"Read the sounds."

Addressing Errors
"Let's Trace!"
All students trace the letter while saying the letter sound.
Teacher: Yes, it's ___. Trace ___ again!
Repeat the tracing 1-2 more times to weld into memory.
TIP: Minimize teacher talk.

30

What if a letter is read incorrectly while tracing?

Direct and explicit instruction is best at the moment of the error → "The letters -igh say /i/. It comes at the end of the word often followed by t.

Incorporate SEE=HEAR=FEEL → Trace while saying "/i/". After students trace the letter(s) -igh saying "/i/" at the end of the word, often followed by "t" 2-3 times, ask the class...

Elicit response with questioning → "Where do we find the letters -igh?" Students answer, "At the end of the word or often before t."

TIP: Minimize teacher talk

Step 4: Spell Words

Directions

- "Listen, repeat, segment, then write."
- Go down the column for review.
- Remain cognizant of the time.
- Students reread words written for accuracy and fluency.

Addressing Errors

- "Everyone, say ____." (Students repeat.)
- "Segment ____." (Everyone segments by sounds or syllables.)
- "Grab that sound. What SOUND(s) do you hear?" (Students answer.)
- "What LETTER(s) makes those sounds?" (Students answer.)
- Teacher writes the word correctly on the board.
- "Don't have ____ cross it out and write ____ correctly. Everyone write ____ again!"

Direct and Explicit Instruction of the Code

Directly teach the sound:
"The letters <ai> say / ä /. Repeat / ä /."

1. Identify the location of the sound:
"It is commonly found in the middle of a word. Where is it found?"
2. Address added information (if mentioned):
"The letters l or n often like to follow <ai>. What two letters like to follow <ai>?"
3. Trace while saying the sound to make it permanent:
"Trace 3x while saying the sound. Where is it found? What two letters often follow?"

4 MASTERY CHECK FOR SPELLING 12 Minutes

Goal: To determine how well students can spell independently.

- Dictate the following words, reading down the columns.
- Repeat words if necessary.
- DO NOT assess students by reminding them to repeat or Touch Spell the word. THIS IS A TEST. The goal is to determine what has been learned and how well the students can spell independently and transfer learning to other settings.

blender	rushes	both	itches	dresses
howling	loudler	draining	growler	buy ¹

Note: When a slash divides a word, ask students to divide the word into syllables and label each syllable. Incorrect division is considered an error.
¹After dictating a homophone, use it in a sentence to identify meaning and guide spelling.

- Total the number of words spelled accurately.
- Refer to the conversion chart below for the percentage score.
- Record the percent correct on each student's Mastery Check Score Sheet.
- If 4 or more words are misspelled on 2 consecutive Mastery Checks, placing the student in a small group with closer monitoring and more opportunities for practice may be beneficial.

R Controlled

- When the letter <r> follows a single vowel, it prevents the vowel from saying its true sound.
 - "Bossy R"
- 'ar' and 'or'
 - like in car, farm, torn, and form
- 'ir', 'ur', and 'er' are pronounced the same (/er/).
 - /er/ like in third, burn, and term and -ear like in heard
 - or (doctor) and -ar (dollar) in E5
- R Controlled is one of the 6 Syllable Types.

Closing Thoughts

Reading is

- Unique
 - Highest expression of human intelligence.
- Important
 - This skill is critical to our ability to thrive.
 - How children are taught...affects whether they become readers or not, their level of reading skill, and the extent to which they enjoy and seek out the experience.
- A tool for understanding human cognition
- Learning to read is like technology.... it's complex and essential!
