

Unpacking Content-Based Literacy Modules

Participant Handout

Unpacking Imagine Learning EL Education Content Modules Session Agenda

Component	Objectives
Welcome	Connect with your fellow teachers and the Imagine Learning EL Team. Review the day's agenda and set the purpose.
Unpacking Protocol: Step 1 Read Module Overview	Read and review the Module Overview and resources to get the big picture for the module. This will frame the rest of the session's work.
Unpacking Protocol: Step 2 Read Unit 1 Overview & Analyze Assessments	We will begin with Unit 1 to understand how students are building background knowledge about the topic. Once learning what they need to learn, we analyze the assessments to see how they will demonstrate what they learn.
Unpacking Protocol: Steps 3 and 4 Read Units 2 & 3 Overviews & Analyze Assessments	Participants will continue analyzing the remaining two units and how students are building knowledge. Analyzing the assessments will help to solidify what students need to know and be able to do.
Lunch	Take a break to enjoy lunch with the team.
Unpacking Protocol: Step 5 Unpack Unit 1 Lessons	Now that participants have built an understanding of the module, we will begin to create a map of the learning by unpacking the lessons of Unit 1.
Charting the Module	Each grade level will work as a group to create a chart to show the progression of learning through their module. The group will participate in a learning walk to understand the progression of learning through the grades.
Closing	Review the day's learning and provide feedback

Session Learning Targets

- I can unpack an Imagine Learning EL Module.
- I can explain what students will learn and be able to do throughout a module.
- I can explain how students will be assessed throughout a module.
- I can outline the knowledge built throughout each unit of a module.
