

Building Trust Through Transparency and Security

Imagine Learning's commitment to protecting student privacy in your district

Imagine Learning is your trusted partner in safeguarding student data, aligning our security practices with your district's values and policies to ensure the safety and privacy of all students. Your district's security is our priority.

- **Data Privacy in Practice:** Our approach to data privacy is comprehensive and transparent, with strict policies and procedures in place to govern student data usage, ensuring that privacy is always prioritized.
- **Alignment with District Policies:** Imagine Learning's security practices are designed to support your district's existing policies, enhancing and reinforcing your commitment to student safety.
- **Public Accountability:** We are a proud signatory of the Student Privacy Pledge and we stand behind our commitments to foster trust and transparency with a clear Privacy Policy and a strong security program.
- **Proactive Threat Mitigation:** We use continuous vulnerability and threat monitoring services paired with rigorous incident response protocols so we can respond quickly and decisively to any threat.
