## Four levels of sessions available

### LEADING WITH SUCCESS

#### for Administrators

Prepare, guide, and support leaders throughout their implementation with essential set up and management tasks. Focus on program fidelity using data to monitor and track engagement, progress, achievement, and growth over time.

### GETTING STARTED WORKSHOPS FOR EDUCATORS

#### for Educators

Educators build a solid foundation of product knowledge and features through hands-on practice and walk away with key tools to launch and support program success.

### NEXT STEP WORKSHOPS

#### for Educators

Educators extend and deepen product knowledge with best practices and further drive program success through a hands-on data focus and informed instructional decisions.

### TARGETED SUPPORT

#### for All

Strategically tailored sessions support educators at point of use and align to a needs analysis.

## LEADING WITH SUCCESS

Audience: Administrators

Session Title	Description
<b>Best Practices to Lead with Success</b>	Prepare leaders with everything needed to jump-start and lead a successful implementation of Imagine Purpose. Leaders will learn about the foundations of social and emotional learning and implementation models tailored to the individual school or district. They will dive into their success plan, learn about key management tasks for the first 30 days, and plan for program launch. Best practices for the first 60 and 90 days include guidance for using Imagine Purpose with fidelity, monitoring progress and tracking achievement data, and celebrating students.
<b>Building an SEL Culture in Your District/School</b>	Focus on building a social and emotional culture in the district or school, as well as within the community. Leaders will learn about social and emotional learning and discover clear action steps to build and maintain an SEL culture.
<b>Best Practices for Mid- and End-of-Year Procedures</b>	Support leaders in critical steps for mid- and end-of-year data management. Steps will include verifying user permissions, enrollment management, course management, managing student accounts, managing educator accounts, and updating the district calendar.

## GETTING STARTED WORKSHOPS
