

Imagine Learning's Product Portfolio

Innovative PreK–12 learning solutions for core instruction, supplemental and intervention, assessment, courseware, instructional services, and special education.

Imagine Learning Solutions

Empowering educators to inspire breakthrough moments on each student's unique learning journey

Initial Credit & Credit Recovery

Imagine Edgenuity[®] is a rigorous, research-based online curriculum that helps students meet academic goals. Its extensive suite of 400+ customizable, digital-first courses includes core subjects, electives, and honors courses that can be completed for initial credit or credit recovery. For grades 6–12.

Imagine EdgeEX[™] is a dynamic digital courseware solution, delivering high-impact learning in core subjects and world languages with engaging multimedia and interactive assessments. Designed to support diverse learning needs, Imagine EdgeEX fosters mastery through a flexible, student-centered approach that enhances academic readiness and progress tracking. For grades 9–12.

School Services

Instructional Services[†] certified teachers improve student performance with dynamic curriculum, proactive communication, and live instruction. Serve more students and close staffing gaps in your school with dedicated, passionate online educators and countless high-quality courses. For grades K–12.

Tutoring Services[†] experienced interventionists deliver small group instruction, and subject-matter experts provide on-demand, one-on-one tutoring. For grades K–12.

Specialized Services[†] SPED-certified coordinators and specialists, along with speech-language teletherapists help districts support IEPs and 504 plans. For grades K–12.

Supplemental & Intervention

Imagine Language & Literacy® is a research-based, personalized learning solution that promotes literacy skills and language development for all students. As students engage, their individualized learning pathway adjusts to maximize progress — accelerating to match a cognitive leap or adjusting to reteach — in all four language domains. For grades PreK–6.

Imagine Español® is a personalized, adaptive, culturally authentic Spanish language arts solution for emerging bilingual learners. Designed to celebrate the Spanish language and culture, it explicitly teaches students the foundational skills essential to bilingualism, biliteracy, and cultural competency. For grades K–5.

Imagine Math® combines a rich curriculum with fun, adaptive, digital learning to help students gain confidence as they master grade-level learning. This dynamic solution provides two age-appropriate and engaging learning environments ideal as a practice and enrichment supplement to standards-based instruction. For grades PreK–Geometry.

Imagine MyPath® gives every student a pathway to grade-level success with personalized, adaptive instruction in reading and math. As students move from targeted intervention to grade-level practice, Imagine MyPath continues to accelerate learning. Detailed data and point-of-use resources empower educators to provide targeted reteaching lessons. For grades K–12.

Imagine Math Facts® is an award-winning gamified supplemental program that helps students gain automaticity in addition, subtraction, multiplication, and division. Whether implemented in class or assigned as homework, students gain a foundation for higher-order thinking, build pre-algebra readiness, and develop an attitude of success. For grades 1–5.

Spark curiosity and drive understanding with **Imagine Science Corner**™, a supplemental toolkit of resources. Real-life video lessons, optional printables, and student-driven Project-Based Learning Investigations are available in English and Spanish. Create custom learning pathways to meet learning goals or match your core program's scope and sequence. For grades K–5.

Imagine Robotify® is an accessible, immersive computer science solution. Students learn to code by programming virtual robots on a 3D, browser-based simulator. They also problem-solve through a “Learn, Create, Compete” instructional design, improving their critical thinking skills, communication, collaboration, and creativity. For grades 3–8.

Imagine Purpose™ is a CASEL-aligned social and emotional learning solution. It supports your entire community as they learn to increase self-confidence, build and maintain healthy relationships, increase academic excellence, improve behavior, and find success both in and out of school. For grades K–12.

Imagine Souday System is a proven, Orton-Gillingham approach to reading intervention. Stage-based content and multisensory instruction grounded in the science of reading empower educators to help struggling readers catch up. Flexible delivery with digital and print resources ensures accessibility for diverse learning needs. For reading levels PreK–8.

Assessment

Imagine Galileo® K–12 is a comprehensive assessment solution backed by Item Response Theory (IRT). Its benchmark, interim, and flexible formative assessments measure learning gains precisely, empowering educators with actionable data and insights across English language arts, Spanish language arts, math (in English and Spanish), and science. For grades K–12.

Core Curriculum

Imagine Learning EL Education is a comprehensive, content-based, core literacy curriculum. Steeped in the science of reading, it utilizes compelling, real-world texts to excite learners. Students focus on mastery of knowledge and skills, demonstrate high-quality work, and build habits of character. For grades K–8.

Imagine IM® offers the highest quality IM-Certified® core math curricula, powered by a best-in-class, digital-forward learning experience. It leverages the power of problem-based curricula to give all students equity and access to grade-level mathematics — ensuring each student is an active learner. For grades K–12.

Twig® Science engages students with hands-on, digital investigations where they take on the roles of real-world scientists and engineers. Written to the Next Generation Science Standards, it challenges all students to become creative problem solvers, making sense of real-world phenomena. For grades PreK–8.

Traverse® is an inquiry-based social studies curriculum built specifically for today's learners and designed to meet state and C3 standards. Students engage with social studies concepts and skills seamlessly incorporated into powerful media and thoughtfully designed interactives, preparing them for civic engagement beyond the classroom. For grades 6–12.
