Power Personalized Learning

Imagine+ Math™ pairs seamlessly with Imagine Assessment

Discover a comprehensive and flexible assessment system that delivers, diagnostic, standards-aligned benchmark, and formative assessments to enable precise, personalized learning and support confident, informed instructional decisions for Imagine+ Math users.

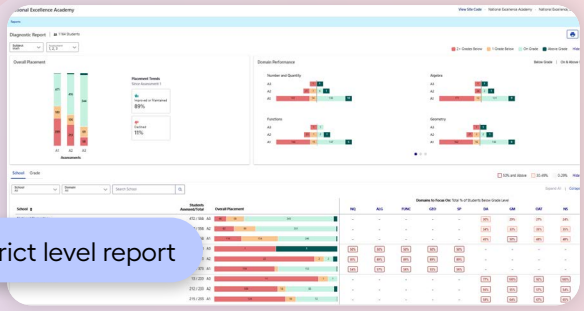

Expertly guide every student's unique learning journey

Find insights to personalize student learning journeys: domain-level insights from the Imagine Assessment Diagnostic seamlessly flow into Imagine+ Math. Assessment outcomes maximize engagement and growth by adapting learning paths based on student performance. Plus, educators receive pathway adjustment recommendations following each assessment instance, maintaining full control over assigning pathways and placement levels.

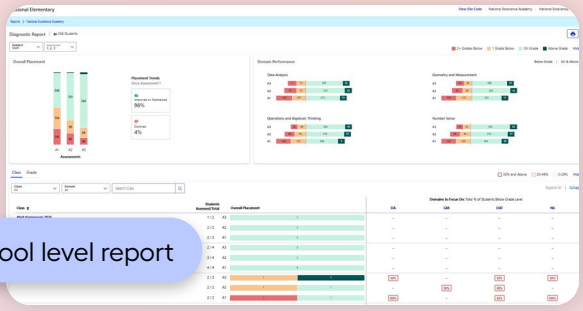

Monitor progress toward grade-level expectations: Imagine Assessment Benchmarks provide meaningful, standards-aligned checkpoints to measure progress and mastery throughout the school year and illuminate learning trends and instructional impact for grades 3–8. These fixed-form Benchmarks are also aligned to our core math solution, Imagine IM.

Respond to students' needs in the moment: choose from nearly 1,000 Imagine Assessment Formatives — short, standards-aligned, prebuilt assessments to empower teachers with a quick picture of learning that supports day-to-day classroom instruction and intervention.
