

Imagine Edgenuity® Course Lists

Reach mandated benchmarks and achieve personalized goals for your state

Our state-specific courses make it easy for educators to help their students reach mandated benchmarks and achieve personalized goals. Districts across the country are using Imagine Edgenuity's curriculum to help address teacher shortages, attract students who have left their school or district, enrich summer sessions, create supplemental learning opportunities, accommodate home-based or remote students, and more.

Discover the course options available for your state.
