

When Students Are Supported, They Succeed

National outcomes from districts partnering with Imagine School Services

81%

Course Completion Rate

323,291 Enrollments

Proven across a large and diverse student population

84.6 Average overall grade

Students aren't just finishing courses, they're succeeding in them

Districts partner with Imagine School Services to expand opportunities without sacrificing student support. Across more than 323,000 enrollments, students achieved positive results driven by experienced educators, timely intervention, and data-informed support that helped them persist and succeed.

The Human Support Driving Better Outcomes

Strong outcomes happen when students receive consistent support from experienced educators who monitor progress, intervene early, and help keep learners on track.

Every student is supported by a network of professionals focused on engagement, progress, and course completion.

Imagine School Services support model:

- Certified Teachers
- Success Coaches
- Special Education Support
- On-Demand Tutoring
- District Mentors
- Real-Time Progress Monitoring

Real educators. Proven outcomes.

Imagine School Services helps districts expand learning opportunities while providing the human support students need to stay engaged, make progress, and successfully complete courses. The result is a scalable solution backed by measurable outcomes.
